Subaccount Annuity Unit (“Annuity Units”) – Annuity Units are used to measure variation in variable annuity payments. The amount of each variable annuity payment (after the first payment) will vary with the value and number of the Annuity Units in each Subaccount.

Subaccount Unit – Subaccount Units are used to measure the Variable Account Value in that Subaccount.

Unit Value – The value of a Subaccount Unit (“Subaccount Unit Value”) or Subaccount Annuity Unit (“Subaccount Annuity Unit Value”). The Unit Value of any Subaccount is subject to change on any Business Day. The fluctuations in value reflect investment results and daily deductions for the mortality and expense risk charge and administrative fee. Changes in Subaccount Annuity Unit Values also reflect an additional adjustment factor that corrects for an assumed investment return. The Unit Value of a Subaccount Unit and of a Subaccount Annuity Unit are determined each Business Day.

Variable Account (“Variable Investment Option”) – A Subaccount of the Separate Account or any separate account of ours which is available under the Contract in which the assets of the Company are segregated from the assets in our General Account and from the assets in our other separate accounts.

Variable Account Value (“Subaccount Value”) – The aggregate amount of the Contract Value allocated to the Variable Accounts.

You and Your – The person or persons named as Owner(s) in the Contract Specifications. If there are Joint Owners, you and your mean both Joint Owners.

GENERAL PROVISIONS

Report to Owner(s) – At least once per year prior to the Annuity Date, we will provide you with a report that will show the beginning and ending dates of the current report period, the Contract Value at the beginning and end of the report period, and the transactions (i.e., Purchase Payments received, loan repayments, if applicable, transfers, withdrawals, and/or charges and/or fees incurred since the last report) and any other information that may be required. After the Annuity Date, we will provide you with any information that may be required. Additional status reports are available upon request.

Payments, Instructions and Requests – Unless this Contract provides otherwise, all Purchase Payments, loan repayments (if applicable), instructions and requests must be received in a form satisfactory to us at our Service Center. Any subsequent Purchase Payments, loan repayments (if applicable) and requests for loans (if applicable), transfers or withdrawals received by us on any Business Day usually will be processed the same Business Day, unless the transaction or event is scheduled to occur on another day.

Generally, all other instructions and requests normally will be effective as of the end of the Business Day following the day such instructions and requests are received, in a form satisfactory to us, unless the transaction or event is scheduled to occur on another day. We may require that you provide signature guarantees or other safeguards for any instruction, request or other document you may send to our Service Center. You acknowledge and agree that we will not be liable for any loss, liability, cost or expense of any kind or character for acting on instructions or requests submitted to us that we reasonably believe to be genuine.

Any change in Owner, if permitted under the Contract, will be effective, unless otherwise specified by the Owner, on the date such change is signed, subject to any payments made or actions taken by us prior to our receipt of the notice.

Entire Contract – This Contract, the attached application and any attached riders and endorsements, constitute the entire Contract, and supersede any and all prior agreements, whether oral or written, about the terms of this Contract and the application. All statements made in the application are representations and not warranties.

Contract Modifications – Modifications to this Contract or any waiver of our rights or requirements under this Contract can only be made if in writing by an authorized officer of the Company. This Contract is intended to qualify as an annuity contract for federal income tax purposes. In addition, if this Contract is a Qualified Contract, this Contract is intended to qualify as part of a Qualified Plan. To that end, the provisions of this Contract are to be interpreted and administered to ensure or maintain such tax qualification, notwithstanding any other provisions to the contrary. We reserve the right to amend this Contract without the Owner's consent to reflect any clarifications that may be needed or are appropriate to maintain its tax qualification or to conform this Contract to any applicable changes in the tax qualification requirements.

Basis of Values – A detailed statement showing how values are determined has been filed with the state insurance departments. All values and reserves are at least equal to those required by the laws of the state in which this Contract is delivered.

Minimum Benefits – The benefits provided under this Contract are not less than the minimum benefits required by any statute of the insurance laws of the state in which this Contract is delivered. Such benefits may be altered by additional amounts credited, increases and/or decreases in the investment performance of the Variable Investment Options, loans and loan repayments, or withdrawals as described in the applicable sections of this Contract.

Claims of Creditors – The Contract Value and other benefits under this Contract are exempt from the claims of creditors to the extent permitted by law.

Removal of Beneficiary or Contingent Annuitant – You may remove a Beneficiary or Contingent Annuitant from this Contract by providing written instructions satisfactory to us to our Service Center.

Ownership – This Contract belongs to the Owner. The Owner is entitled to exercise all rights available under this Contract. If this Contract names two Owners, both Owners must join in any request to exercise

these rights. The Owner may exercise these rights without the consent of the Beneficiary or any other person, except as otherwise required by law.

Assignment – You may assign all rights and benefits under this Contract before the Annuity Date. The assignment must be in writing in a form satisfactory to us and received at our Service Center. The assignment is effective on the date the notice of assignment is signed, subject to any payments made or actions taken by us prior to our receipt of the notice. We are not responsible for the validity of any assignment. If the Contract has been absolutely assigned, the assignee becomes the Owner. You should consult with your tax adviser to determine the tax consequences of an assignment before taking any action.

Delay of Payments – Generally, we will pay any amounts due from the Contract within seven (7) days after our receipt of the request, in a form satisfactory to us. Payments or transfers to or from a Variable Account may be delayed after our receipt of the request under certain circumstances. These include:

- a closing of the New York Stock Exchange other than on a regular holiday or weekend;
- a trading restriction by the SEC; or
- an emergency declared by the SEC.

We may delay payments or transfers from our General Account (which would include payment of the withdrawal proceeds and loans) for up to six (6) months after the requested effective date of the transaction. If payment is delayed, we will credit the delayed amount with any interest required by law.

If you make any Purchase Payment by check, other than a cashier's check, we may delay making payments to you until your check has cleared.

Incontestability – After this Contract has been issued, we will not contest the validity of this Contract other than for misstatement of age or sex.

Misstatement of Age and/or Sex – We may require proof of the Annuitant's or Owner's Age and/or sex before any payments associated with the death benefit proceeds are made. If the Age and/or sex of the Annuitant or Owner is incorrectly stated, we will base any such payment associated with the death benefit proceeds on the Annuitant's or Owner's correct Age and/or sex.

We may require proof of the Annuitant's Age and/or sex before starting annuity payments. If the Age and/or sex (or both) of the Annuitant is incorrectly stated, we will correct the amount payable, based upon the Annuitant's correct Age and/or sex, if applicable. If we make the correction after annuity payments have started and we have made overpayments, we will deduct the amount of the overpayment, with interest at [1.50%] per year, from any payments due then or later. If we have made underpayments, we will add the amount, with interest at [1.50%] per year, of the underpayments to the next payment we make after we receive proof of the correct Age and/or sex.

Proof of Life or Death – Before we make a payment, we have the right to require proof of the life or death of any person on whose life or death determines whether, to whom, or how much we must pay any benefits under this Contract.

Withholding Taxes – We reserve the right to withhold from all payments made or deemed made under this Contract, any taxes required to be withheld by applicable federal or state law, unless the Owner or payee elects otherwise pursuant to applicable withholding rules.

Non-Participating – This Contract is classified as a non-participating contract. It does not participate in our profits or surplus, and therefore no dividends are payable.

PURCHASE PAYMENTS

Initial Purchase Payment – This Contract will not be in force until we receive at our Service Center the initial Purchase Payment. The initial Purchase Payment is shown in the Contract Specifications.

Additional Purchase Payments – You may make additional Purchase Payments at any time before the Annuity Date, while the Annuitant is living and this Contract is in force. Each additional Purchase Payment must be at least \$250 for Non-Qualified Contracts and \$50 for Qualified Contracts. We may limit the amount of any single Purchase Payment. A single Purchase Payment or the aggregate of all Purchase Payments may not exceed the Maximum Purchase Payment amount shown in the Contract Specifications without our approval.

Purchase Payments are payable in U.S. dollars at our Service Center. Checks should be made payable to **Pacific Life Insurance Company**. If you make Purchase Payments by check other than a cashier's check, withdrawal payments and any refund under the **Right to Cancel** provision may be delayed until your check has cleared.

Purchase Payment Allocation – Prior to the Annuity Date, you may allocate all or part of your Purchase Payments to one or more of the Investment Options available under this Contract. The Investment Options available on the Contract Date are shown in the Contract Specifications.

You may change the Purchase Payment allocation by providing us with instructions in a form satisfactory to us. We will allocate any Purchase Payment according to your most recent allocation instructions. We may reject any instruction or Purchase Payment if your instructions are not clear and we cannot determine your allocation instructions.

Allocations During the Right to Cancel Period – We will allocate the initial Purchase Payment in accordance with your most recent allocation instructions.

Minimum Investment Option Value – We reserve the right to require that, as a result of any allocation to an Investment Option, any transfer, or any withdrawal, the remaining Account Value in any Investment Option must be at least \$500.

We also reserve the right to transfer any remaining Account Value that does not meet such minimum amount to your other Investment Options on a pro rata basis relative to your most recent allocation instructions for those Investment Options.

VARIABLE INVESTMENT OPTIONS

Variable Investment Options – The Variable Investment Options consist of Subaccounts of the Separate Account. The available Subaccounts as of the Contract Date are shown in the Contract Specifications.

Separate Account – We established the Separate Account under the laws of the state of California. The Separate Account is maintained under the laws of our state of domicile. Any income, gains or losses (whether or not realized) from the assets of each Variable Account are credited or charged against such Variable Account without regard to our other income, gains or losses. Assets may be put in our Separate Account to support this Contract and other variable annuity contracts. Assets may be put in our Separate Account for other purposes, but not to support contracts other than variable annuity contracts. The assets of our Separate Account are our property. The portion of the Separate Account assets equal to the reserves and other Contract liabilities with respect to each Variable Account will not be chargeable with liabilities arising out of any other business we conduct. We may transfer assets of a separate account in excess of the reserves and other liabilities with respect to its Variable Accounts to another separate account or to our General Account. All obligations arising under the Contract are our general corporate obligations. We do not hold ourselves out to be trustees of the Separate Account assets.

We reserve the right, subject to compliance with the law then in effect, and after any required regulatory approval, to:

- cease offering any Subaccount;
- add or change designated investment companies or their portfolios, or other investment vehicles;
- add, delete or make substitutions for the securities and other assets that are held or purchased by the Separate Account or any Variable Account;
- permit conversion or exchanges between portfolios and/or classes of contracts on the basis of Owners' requests;
- add, remove or combine Variable Accounts;
- combine the assets of any Variable Account with any of our other Separate Accounts or of any of our affiliates;
- register or deregister Separate Account A or any Variable Account under the 1940 Act;
- operate any Variable Account as a managed investment company under the 1940 Act, or any other form permitted by law;
- run any Variable Account under the direction of a committee, board, or other group;
- restrict or eliminate any voting rights of Owners with respect to any Variable Account or other persons who have voting rights as to any Variable Account;
- make any changes required by the 1940 Act or other federal securities laws;
- make any changes necessary to maintain the status of the Contracts as annuities under the Code;
- make other changes required under federal or state law relating to annuities;
- suspend or discontinue sale of the Contracts; and
- comply with applicable law.

If any of these changes result in a material change in the underlying investments of a Variable Account, we will notify you of such change.

We will not change the investment policy of the Separate Account without following the filing and other procedures of the insurance supervisory official of our state of domicile and the filing and other procedures established by insurance regulators of the state of delivery. Unless required by law or regulation, an investment policy may not be changed without our consent.

From time to time we may make other Investment Options available to you. Any new Investment Option may invest in portfolios of the designated investment company, other designated investment companies or their portfolios, or in other investment vehicles. New Investment Options will be made available to existing Owners at our discretion. We will provide you with written notice of all material details, including investment objectives and charges. We will comply with the filing or other procedures established by applicable state insurance regulators, to the extent required by applicable law.

CONTRACT VALUES

Contract Value – The Contract Value on any Business Day is the sum of:

- the Variable Account Value; plus
- the Loan Account Value.

We generally determine values on each day that the New York Stock Exchange is open, provided our administrative offices are also open on that day.

Variable Account Value – The Variable Account Value on any Business Day is the sum of the Subaccount Values on that day.

Subaccount Value – Each Subaccount Value on any Business Day is equal to the number of Subaccount Units in that Subaccount multiplied by the Unit Value of the Subaccount on that day.

We credit the Subaccount with Subaccount Units as a result of any:

- Purchase Payments received by us, reduced by any applicable premium taxes and/or other taxes, and allocated to that Subaccount;
- transfers to that Subaccount, including transfers from the Loan Account; and
- additional amounts allocated to that Subaccount.

We debit the Subaccount with Subaccount Units as a result of any:

- transfers from that Subaccount, including transfers to the Loan Account;
- withdrawals, including any applicable Withdrawal Charges;
- Premium Based Charges
- amounts applied to provide for annuity payments;
- Annual Fees;
- annual charges for expenses relating to optional benefit riders attached to the Contract; and
- charges for premium taxes and/or other taxes.

The number of Subaccount Units we credit to, or debit from, a Subaccount in connection with a transaction is equal to the amount of the transaction applicable to that Subaccount divided by that Subaccount's Unit Value at the end of the valuation period that includes that day. The number of Subaccount Units in a Subaccount will change only if we credit or debit Subaccount Units for the transactions specified above. The number of Subaccount Units will not change because of subsequent changes in the Subaccount Unit Value.

Subaccount Unit Value – The initial Unit Value of each Subaccount was \$10 on the Business Day the Subaccount began operations. At the end of each subsequent Business Day, the Unit Value for each Subaccount is equal to (Y) times (Z), where:

(Y) is the Unit Value for that Subaccount as of the end of the prior Business Day; and

(Z) is the Net Investment Factor for that Subaccount for the period (a "valuation period") between the prior Business Day and that Business Day.

Net Investment Factor – Each Subaccount's Net Investment Factor for any valuation period is equal to $(A / B) - C$, where:

(A) equals:

- (a) the net asset value per share of the corresponding portfolio shares held by the Subaccount as of the end of that valuation period; plus
- (b) the per share amount of any dividend or capital gain distributions made during that valuation period on the portfolio shares held by the Subaccount; plus or minus

(c) any per share charge or credit for any income taxes, other taxes, or amounts set aside during that valuation period as a reserve for any income and/or any other taxes for which we determine to have resulted from the operations of the Subaccount or Contract, and/or any taxes attributable, directly or indirectly, to Purchase Payments;

(B) is the net asset value per share of the portfolio shares held by the Subaccount as of the end of the prior valuation period; and

(C) is a factor that we assess against the Subaccount's net assets held by each Subaccount for the mortality and expense risk charge and the administrative fee during that valuation period.

Loan Account Value – For Qualified Contracts that permit loans, the Loan Account Value as of the end of any Business Day is the Loan Account Value on the prior Business Day, increased by any:

- interest; plus
- Contract Value loaned on that day;

and decreased by any:

- loan principal repaid; plus
- earned interest transferred from the Loan Account on that day.

CHARGES, FEES AND DEDUCTIONS

Administrative Fee – We charge an administrative fee against the assets held in the Variable Investment Option(s). This fee is assessed daily at the annual rate which is shown in the Contract Specifications. This fee is guaranteed not to increase.

Mortality and Expense Risk Charge (“Risk Charge”) – We impose a Risk Charge against the assets held in the Variable Investment Option(s). This charge is assessed daily at the annual rate which is shown in the Contract Specifications. The Risk Charge compensates us for the risks we assume that mortality and expenses will vary from those we assumed. This charge is guaranteed not to increase.

Annual Fee – We charge an annual fee against the Contract Value on each Contract Anniversary prior to the Annuity Date, and at the time you withdraw the entire Net Contract Value (on a prorated basis for the current Contract Year). The annual fee is shown in the Contract Specifications. This fee is guaranteed not to increase. The annual fee is waived if the Net Contract Value is \$50,000 or more on the day the annual fee is assessed.

We will not impose the annual fee on amounts applied to provide an annuity or on payment of the death benefit proceeds.

Premium Taxes – From the Contract Value, we will deduct a charge for any taxes we pay that are attributable to Purchase Payments or withdrawals. Such taxes may include, but are not limited to: any federal, state or local premium or retaliatory taxes; and any federal, state or local income, excise, business or any other type of tax (or component thereof), measured by or based upon, directly or indirectly, the amount of Purchase Payments we receive from you. We will normally deduct this charge upon annuitization. However, we may impose this charge on any withdrawal, at the time any death benefit is paid, when the taxes are incurred or when we pay the taxes. We will base this charge on the Contract Value, the amount of the transaction, the aggregate amount of Purchase Payments we receive under the Contract; or any other amount that, in our sole discretion, we deem appropriately reimburses us for premium taxes paid on this Contract.

Other Taxes – We reserve the right to charge the Separate Account and/or deduct from the Contract Value a charge for any federal, state or local taxes we pay that are or become attributable to the Separate Account or Contract, including, but not limited to, income taxes attributable to our operation of the Separate Account or to our operations with respect to the Contract, or taxes attributable, directly or indirectly, to Purchase Payments or payments we make under this Contract.

Withdrawal Charge – Withdrawals from the Contract Value are subject to a Withdrawal Charge which is shown in the Contract Specifications. This charge may apply to amounts withdrawn under the Contract prior to the Annuity Date, depending on which Contract Year the withdrawal is made in.

We will not apply the Withdrawal Charge on:

- distributions resulting from the death of the first Owner or the sole surviving Annuitant before the Annuity Date, except as provided under the **Death of Owner** provision for certain Non-Natural Owners;
- after the first Contract Year, if the Contract Value is applied to provide an annuity option from us;
- withdrawals after 90 days from the Contract Date if the Owner or Annuitant has been confined to an accredited nursing home for 30 days or more, and was not confined to the nursing home on the Contract Date. Confinement period for which you seek the waiver must begin after the Contract Date;
- withdrawals to meet required minimum distributions for Qualified Contracts as they apply to amounts held under the Contract;
- withdrawals after the first Contract Anniversary, if the Owner or Annuitant has been diagnosed as having a medically determinable condition that results in a life expectancy of twelve (12) months or less and we are provided with medical evidence satisfactory to us; or
- withdrawals as defined under the “Free Withdrawals” section below.

The request to waive the Withdrawal Charge must be in writing and include applicable medical evidence satisfactory to us. If the request to waive the Withdrawal Charge is denied by us, the withdrawal request shall not be processed until the Owner is notified of the denial and provided with the opportunity to accept or reject the withdrawal request, including any Withdrawal Charges.

Amount of Withdrawal Charge – The amount of a Withdrawal Charge depends on how long the Purchase Payments are held under this Contract. The table of Withdrawal Charges is shown in the Contract Specifications. Each Purchase Payment has its own schedule of Withdrawal Charges associated with it. The Withdrawal Charge associated with a Purchase Payment is determined when the Purchase Payment is allocated to the Contract. The Withdrawal Charge applicable to a Purchase Payment is based on the total of all Purchase Payments allocated to the Contract.

Each Purchase Payment you make is considered to have a certain “age,” depending on the length of time since that Purchase Payment was effective.

A Purchase Payment is “age one” from the day it was effective until the next Contract Anniversary and increases in “age” on that and each succeeding Contract Anniversary. When you withdraw an amount, the “age” of any Purchase Payment you withdraw determines the level of Withdrawal Charge as shown in the Contract Specifications.

For purposes of calculating the withdrawal charge, we assume that amounts withdrawn will be applied to Purchase Payments first and in the order the Purchase Payments were received. The Withdrawal Charge will be deducted proportionately from each Investment Option selected for withdrawal.

Free Withdrawals – During a Contract Year, you may withdraw free of Withdrawal Charges amounts up to the sum of your “Eligible Purchase Payments”. Eligible Purchase Payments include 10% of all Purchase Payments that have an “age” of less than eight (8) years, plus 100% of all remaining Purchase Payments that have an “age” of eight (8) years or more. Once all Purchase Payments have been deemed withdrawn, any withdrawal will be deemed a withdrawal of earnings and will be free of Withdrawal Charges.

Any portion of your Eligible Purchase Payments not withdrawn during a Contract Year may not be carried over to the next Contract Year.

For those contracts issued to a Charitable Remainder Trust (CRT), the amount available for withdrawal free of Withdrawal Charges during a Contract Year includes all Eligible Purchase Payments plus all earnings even if all Purchase Payments have not been deemed withdrawn.

Earnings – For the purposes of calculating the Withdrawal Charge as of the end of any Business Day, earnings equal the Contract Value less the aggregate Purchase Payments that are reduced by withdrawals of prior Purchase Payments.

Premium Based Charge – The Premium Based Charge is calculated on each Quarterly Contract Anniversary for those Purchase Payments subject to the charge as of that day. Each Purchase Payment is subject to a Premium Based Charge described in the Contract Specifications during the Premium Based Charge Period. Once the Premium Based Charge Period for a Purchase Payment has expired, that Purchase Payment is no longer subject to the Premium Based Charge.

The Premium Based Charge applicable to a Purchase Payment is determined by multiplying (1) the amount of that Purchase Payment by (2) its associated Premium Based Charge Percentage, as shown in the Contract Specifications. With respect to those Purchase Payments received prior to the first Quarterly Contract Anniversary, the Premium Based Charge Percentage applicable to each of those Purchase Payments is based on the total of all Purchase Payments received prior to the first Quarterly Contract Anniversary. For each Purchase Payment received on or after the first Quarterly Contract Anniversary, the Premium Based Charge Percentage is based on the total of all Purchase Payments received. Once a Premium Based Charge is established for any Purchase Payment, such charge is fixed and will not be reduced even if additional Purchase Payments are made or withdrawals are taken.

For purposes of calculating the Premium Based Charge: (a) a Purchase Payment is the amount of the Purchase Payment before we deduct any applicable fees, charges or taxes; and (b) Purchase Payments are not reduced by withdrawals taken from the Contract. The Premium Based Charge is deducted proportionately from each Investment Option.

A Premium Based Charge is not deducted: (a) when there are no Purchase Payments subject to the Premium Based Charge; (b) on or after the Annuity Date; (c) if a Death Benefit becomes payable (unless the spouse of the deceased owner chooses to continue the Contract); or (d) in the event of a full surrender of the Contract (unless the full surrender occurs on a Quarterly Contract Anniversary).

TRANSFER PROVISIONS

Transfers – You may, on or before the Annuity Date and subject to the requirements, limitations and restrictions described in this section, transfer all or part of the Contract Value, less any Loan Account Value, in any Investment Option among other Investment Options, while the Annuitant is living and the Contract is in force.

Your transfer request must specify:

- (a) **the Investment Option (the “source account”) from which the transfer is to be made.** You may choose one or more Investment Options as your source account(s). Your source account may not also be a target account;
- (b) **the amount of the transfer.** The amount of the transfer may be specified as a dollar amount or a percentage of the source Account Value. If you select more than one source account, the amount of the transfer from each source account must be at least the lesser of either \$250 or the full source Account Value; and
- (c) **the Investment Option (the “target account”) to receive the transferred amount.** You may choose one or more Investment Options as your target account(s). If you select more than one target account, your request must specify how the transferred amounts are to be allocated among the target accounts. Your source account may not also be a target account.

Transfers among Investment Options will normally be effective as of the end of the Business Day the transfer request, in a form satisfactory to us, is received at our Service Center.

Transfer Limitations and Restrictions – The following limitations and restrictions apply to transfers among Investment Options:

- (a) Transfers are allowed thirty (30) days after the Contract Date.
- (b) Transfers are limited to twenty-five (25) transfers during each Calendar Year and only two (2) per month, into or out, that affect any international Investment Options. For the purpose of applying this limitation, transfers that occur on the same day are considered one transfer and transfers that occur as a result of any systematic transfer option are excluded from the maximum twenty-five (25) transfers per Calendar Year limitation.
- (c) Transfers to or from an Investment Option cannot be made until the eighth (8th) calendar day (provided that day is a Business Day) from the last day of the most recent transfer to or from that Investment Option. The day of the most recent transfer is considered as the first (1st) calendar day for purposes of meeting this requirement. Transfers that occur as a result of any systematic transfer option are excluded from this requirement.
- (d) If a transfer reduces the remaining Account Value in any Investment Option immediately after such transfer to an amount less than \$500, we reserve the right to transfer such remaining Account Value to your other Investment Options on a pro rata basis relative to your most recent allocation instructions.
- (e) We further reserve the right to restrict, in our sole discretion and without prior notice, transfers initiated by a market timing organization or individual or other party authorized to give transfer instructions on behalf of multiple Contract Owners. Such restrictions could include:
 - (i) not accepting transfer instructions from an individual or entity acting on behalf of more than one Contract Owner; and
 - (ii) not accepting preauthorized transfer forms from market timers or other entities acting on behalf of more than one Contract Owner at a time.

- (f) We further reserve the right to modify the limits described in subparagraphs (a) through (e) above or to impose, without prior notice, other limitations and restrictions on transfers or exchanges that we determine, in our sole discretion, will disadvantage or potentially hurt the rights or interests of other Contract Owners or to comply with any applicable federal or state laws, rules and regulations.

WITHDRAWAL PROVISIONS

Withdrawals – You may, on or before the Annuity Date and subject to the requirements, limitations and restrictions described in this section, withdraw all or a portion of the amount available under this Contract, while the Annuitant is living and the Contract is in force. However, no withdrawals are allowed within thirty (30) days of the Contract Date.

You may specify that the withdrawal be taken from a specific Investment Option(s) or pro rata from all Investment Options. If your request does not specify the Investment Option(s) from which the withdrawal is to be made, the withdrawal will be taken pro rata from all Investment Options relative to the Account Value in each option.

Withdrawals will normally be effective as of the end of the Business Day the withdrawal request, in a form satisfactory to us, is received at our Service Center.

Minimum Withdrawal Amount – The minimum amount that may be withdrawn is \$500. If the withdrawal reduces the Account Value in any Investment Option to an amount less than \$500, we reserve the right to transfer such remaining Account Value to your other Investment Options on a pro rata basis relative to your most recent allocation instructions.

If the withdrawal reduces the Net Contract Value to an amount less than \$1,000, we may terminate this Contract and pay you the withdrawal proceeds (see **Full Withdrawal** provision). We will not terminate the Contract if you own an optional Guaranteed Minimum Withdrawal Benefit (GMWB) rider and a withdrawal reduces the Net Contract Value to an amount less than \$1,000. Payment of the withdrawal proceeds will end this Contract and we will have no further obligations under the Contract.

Full Withdrawal – You may, on or before the Annuity Date, make a full withdrawal under this Contract for its withdrawal proceeds, while the Annuitant is living and the Contract is in force. We may require the return of this Contract or a signed Lost Contract Affidavit with your request. A full withdrawal will terminate the Contract. Your request for a full withdrawal will normally be effective as of the end of the Business Day such request, in a form satisfactory to us, is received at our Service Center. Payment of the withdrawal proceeds will end this Contract and we will have no further obligations under the Contract.

Amount Available for Withdrawal – The amount available for withdrawal is the Net Contract Value as of the end of the Business Day on which the withdrawal request is effective, less any:

- Withdrawal Charges;
- charges for expenses relating to optional riders attached to the Contract;
- charges for the Premium Based Charge, if the Business Day is also a Quarterly Contract Anniversary;
- charges for Annual Fees (on a prorated basis for the current Contract Year); and
- charges for premium taxes and/or other taxes.

The amount we send you (the "withdrawal proceeds") will also reflect any required or requested federal and/or state income tax withholding.

DEATH BENEFIT PROVISIONS

Death Benefit – A death benefit will be payable only if the sole surviving Annuitant or any Owner dies before the Annuity Date and while this Contract is in force.

The proceeds of any death benefit will be payable upon receipt of, in a form satisfactory to us, proof of death and instructions regarding payment of the death benefit proceeds (the "Notice Date"). Such proceeds will equal the Death Benefit Amount reduced by any:

- Contract Debt; and
- charges for premium taxes and/or other taxes, if proceeds are used to purchase an Annuity Option from us.

These proceeds may be payable in a lump sum, as periodic payments under an Annuity Option available under this Contract, towards the purchase of any other Annuity Option we then offer, or in accordance with the Code (see **Death of Owner Distribution Rules**).

If there are multiple Beneficiaries, the Death Benefit Amount will be calculated when we first receive proof of death and instructions, in proper form, from any Beneficiary. Any Death Benefit Amount still remaining to be paid to any other Beneficiary will fluctuate with the performance of the underlying Investment Options.

Death Benefit Amount – The Death Benefit Amount as of any Business Day prior to the Annuity Date is equal to the greater of:

- (a) the Contract Value as of that day; or
- (b) the aggregate Purchase Payments reduced by an amount for each withdrawal that has occurred, which is calculated by multiplying the aggregate Purchase Payments received prior to each withdrawal by the ratio of the amount of the withdrawal, including any Withdrawal Charge, to the Contract Value immediately prior to the withdrawal.

Death of Annuitant – If the Annuitant dies before the Owner and before the Annuity Date, the death benefit proceeds will be equal to the Death Benefit Amount as of the Notice Date. Unless there is a surviving Joint Annuitant or Contingent Annuitant, we will pay the death benefit proceeds to the first person among the following who is (1) living; or (2) an entity entitled to receive the death benefit proceeds; following the death of the sole surviving Annuitant:

- (a) the Owner;
- (b) the Joint Owner;
- (c) the Beneficiary; or
- (d) the Contingent Beneficiary.

If none are living (or if there is no entity entitled to receive the death benefit proceeds), we will pay the death benefit proceeds to the Owner's estate.

If an Annuitant dies and there is a surviving Joint Annuitant, the surviving Joint Annuitant becomes the Annuitant. If there is no surviving Joint Annuitant and there is a Contingent Annuitant, the Contingent Annuitant becomes the Annuitant. No death benefit will be paid, except as otherwise provided under the Death Benefit provision.

If you are the Annuitant and you die, we will determine the amount of any death benefit and to whom it will be paid under this **Death of Annuitant** provision. If the Contract is issued as a Non-Qualified Contract, we will distribute any death benefit proceeds under the **Death of Owner Distribution Rules** provision.

Death of Owner – If the Owner dies before the sole surviving Annuitant and before the Annuity Date, the death benefit proceeds will be equal to the Death Benefit Amount as of the Notice Date.

If the Owner dies before the sole surviving Annuitant and before the Annuity Date, we will pay the death benefit proceeds to the first among the following who is (1) living; or (2) an entity entitled to receive the death benefit proceeds:

- (a) the Joint Owner;
- (b) the Beneficiary; or
- (c) the Contingent Beneficiary.

If none are living (or if there is no entity entitled to receive the death benefit proceeds), we will pay the death benefit proceeds to your estate.

If you are a Non-Natural Owner of a Contract other than a Contract issued under a Qualified Plan as defined in Section 401 or 403 of the Code, the Primary Annuitant will be treated as the Owner of the Contract for purposes of the **Death of Owner Distribution Rules**.

Death of Owner Distribution Rules – The following rules will determine when a distribution must be made under this Contract. These rules do not affect our determination of the amount of death benefit proceeds payable or distribution proceeds. If there is more than one Owner, these rules apply on the date on which the first of these Joint Owners die.

If the Owner dies before the Annuity Date, the designated recipient of the death benefit proceeds may elect to receive the death benefit proceeds:

- in a lump sum payment;
- within five (5) years following the Owner's death; or
- in the form of an annuity for life or over a period that does not exceed the life expectancy of the designated recipient, with annuity payments that start within one (1) year after the Owner's death.

Unless otherwise required by law, an election to receive an annuity (in lieu of a lump sum payment) must be made within such time frames as we may prescribe from time to time, or the lump sum payment option will be deemed elected. We will consider that deemed election as our receipt of instructions regarding payment of the death benefit proceeds.

The Owner may designate that the Beneficiary is to receive the death benefit proceeds either through an annuity for life or over a period that does not exceed the life expectancy of the Beneficiary. Such designation must be made in writing in a form acceptable to us, and may only be revoked by the Owner in writing in a form acceptable to us. Upon death of the Owner, the Beneficiary cannot revoke or modify any designation made by the Owner on how the death benefit proceeds are to be paid.

If the spouse of the deceased Owner is the sole surviving Beneficiary, or is the sole surviving Joint Owner, and has an unrestricted right to receive the death benefit proceeds in a lump sum, the spouse may continue this Contract as Owner rather than receive the death benefit proceeds, provided that we receive instructions to continue the Contract within such time frames as we may prescribe from time to time.

On the Notice Date, if the surviving spouse is deemed to have continued the Contract, we will set the Contract Value equal to the death benefit proceeds that would have been payable to the spouse as the deemed Beneficiary/designated recipient of the death benefit. The amount that the Death Benefit Amount exceeds the Contract Value will be added to the Contract Value in the form of the Add-In Amount on the Notice Date. The Add-In Amount will be allocated among Investment Options in accordance with the current allocation instructions for the Contract and will be considered earnings. There will not be an adjustment to the Contract Value if the Contract Value is equal to the death benefit proceeds as of the Notice Date.

If the Owner dies on or after the Annuity Date, but payments have not yet been completed, then distributions of the remaining amounts payable under this Contract must be made at least as rapidly as the rate that was being used at the date of the Owner's death. All of the Owner's rights granted by the Contract will be assumed by the first among the following who is (1) living; or (2) an entity entitled to assume the Owner's rights granted by the contract:

- (a) the Joint Owner;
- (b) the Beneficiary; or
- (c) the Contingent Beneficiary.

If none are living (or if there is no entity entitled to assume the Owner's rights granted by the Contract), all of the Owner's rights granted by the Contract will be assumed by the Owner's estate.

This Contract incorporates all applicable provisions of Code Section 72(s) and any successor provision, as deemed necessary by us to qualify this Contract as an annuity contract for federal income tax purposes, including the requirement that, if the Owner dies before the Annuity Date, any death benefit proceeds under this Contract shall be distributed within five (5) years of the Owner's death (or such other period that we offer and that is permitted under the Code or such shorter period as we may require).

These **Death of Owner Distribution Rules** do not apply to Qualified Contracts issued under Qualified Plans as defined in Section 401, 403, 408 or 408A of the Code or to an annuity that is a qualified funding asset as defined in Code Section 130(d) (but without regard to whether there is a qualified assignment).

BENEFICIARY PROVISIONS

Designation of Beneficiary – The Beneficiary is the person you name who may receive any death benefit proceeds, or any remaining annuity payments after the Annuity Date, if the Annuitant or Owner dies. The Owner can name more than one Beneficiary. Multiple Beneficiaries will share the death benefit proceeds (or any remaining annuity payments) equally, unless otherwise specified. If any Beneficiary predeceases the Annuitant or Owner, that Beneficiary's interest will go to any other Beneficiaries named, according to their respective interests, unless otherwise specified. If you leave no surviving Beneficiary, your estate may receive the death benefit proceeds.

If the Beneficiary is a trustee, we will neither be responsible for verifying a trustee's right to receive any death benefit proceeds, nor for how the trustee disposes of any death benefit proceeds. If before payment of any death benefit proceeds, we receive proper notice that the trust has been revoked or is not in effect, then any death benefit proceeds payable will be paid to the Contingent Beneficiary, if living; if not to the Owner's estate.

Adding or Changing Your Beneficiary – You may add, change, or remove any Beneficiary, subject to the terms of any assignment, at any time prior to the death of the Annuitant or Owner, by providing us with a request in a form satisfactory to us. Qualified Contracts may have additional restrictions on naming and changing Beneficiaries. Any change or addition will take effect on the date the notice of change is signed by the Owner, subject to any payments made or actions taken by us prior to receipt of the notice.

ANNUITY PROVISIONS

Choice of Annuity Date – Unless otherwise changed as provided below, the Annuity Date is shown in the Contract Specifications. We assigned the Annuity Date based on the Contract type chosen and the Annuitant's Age shown in the application for this Contract. If there are Joint Annuitants, the Annuity Date was based on the younger Annuitant's birthday.

The Annuity Date may be changed by providing proper notice to us at least ten (10) Business Days prior to the current Annuity Date or new Annuity Date, whichever is earlier, subject to any applicable state law or the Code.

The new Annuity Date may not be earlier than the first Contract Anniversary and must occur on or before the day the Annuitant reaches his or her 95th birthday, or earlier, as required by any applicable state law or the Code. If there are Joint Annuitants, the Annuity Date will be based on the younger Annuitant's birthday. You may be subject to additional restrictions under your Qualified Plan. You should consult with your Qualified Plan administrator before you elect an Annuity Date.

Default Annuity Option – If you have a Non-Qualified Contract and you do not choose an Annuity Date when you submit your application, your Annuity Date will be your Annuitant's 95th birthday or your younger Joint Annuitant's 95th birthday, whichever applies. If you have a Qualified Contract and you do not choose an Annuity Date when you submit your application, your Annuity Date will be your Annuitant's 95th birthday. However, some states' laws may require a different Annuity Date. Certain Qualified Contracts may require distributions to occur at an earlier age.

If you have not specified an Annuity Option or do not instruct us otherwise, at your Annuity Date your Net Contract Value, less charges for premium taxes and/or other taxes, will be converted (if this net amount is at least \$10,000) to a fixed annuity payout option on the Annuity Date.

Additionally:

- If you have a Non-Qualified Contract, your default Annuity Option will be Life with a ten year Period Certain; or
- If you have a Qualified Contract, your default Annuity Option will be Life with five year Period Certain, or a shorter period certain as may be required by federal regulation. If you are married, different requirements may apply. Please contact your plan administrator for further information, if applicable.
- If the net amount is less than \$10,000, the entire amount will be distributed in one lump sum.

Application of Contract Value – Prior to the Annuity Date, you may elect to convert all or part of the Net Contract Value less any charge for premium taxes and/or other taxes, to any currently offered Annuity Option. The aggregate net amount you convert must be at least \$10,000; otherwise, we reserve the right to terminate this Contract and pay a single amount equal to the withdrawal proceeds as determined under the **Full Withdrawal** provision. You may elect to have annuity payments made monthly, quarterly, semiannually, or annually. Regardless of the frequency of payments, the minimum annuity payment that you may elect to receive is \$250. We reserve the right to reduce the frequency of payments or the period certain if the initial annuity payment is less than \$250. We reserve the right to pay the amount in a lump sum withdrawal if no annuity benefit equals or exceeds the minimum annuity payment.

Subject to the **Withdrawal Provisions**, you may also elect a full withdrawal in lieu of annuity payments under an Annuity Option.

If you convert only a portion of the Net Contract Value on the Annuity Date, you may, at that time, elect not to have the remainder of the Net Contract Value distributed, but instead to continue the Contract with that remaining Contract Value. This option may or may not be available, or may be available only for certain types of Contracts. If this option is available and you elect it, you would choose a second Annuity Date for such Contract Value. All references in this Contract to the Annuity Start Date (or Annuity Date) would, with regard to such Contract Value, be deemed to refer to that second Annuity Date. The second Annuity Date may not be after the Annuitant's 95th birthday. You should consult with your tax adviser for more information if you desire this option.

Your Selections – Prior to the Annuity Date, you may make three selections about the annuity payments. First, you may choose whether you want those payments to be a fixed-dollar amount or a variable-dollar amount, or both. Second, you may choose the form of annuity payments (Annuity Option). Third, you may choose to have annuity payments made monthly, quarterly, semiannually, or annually.

The first annuity payment will be sent on the day following the Annuity Date and must be at least \$250. We may reduce the payment frequency if the first annuity payment is less than \$250. If you elect annuity payments for a Period Certain Only, we also reserve the right to reduce the Period Certain to meet the \$250 minimum first payment.

Once annuity payments begin, no changes can be made to either the Annuity Option or the basis on which such payments are made (a fixed annuity basis or variable annuity basis), no additional purchase payments will be accepted and no withdrawals will be allowed.

Fixed and Variable Annuities – You may choose a fixed annuity (with fixed-dollar payments), a variable annuity (with variable-dollar payments), or you may choose a combination of both. If you select a variable annuity, you may choose any Subaccounts for the annuity. If you select a variable annuity, on the Annuity Date, we will convert that portion of the Net Contract Value as it is currently allocated among the Subaccount(s). We will apply the net amount you convert to a fixed annuity and/or a variable annuity (and in this instance, to each Subaccount), based on the relative Account Value in each Investment Option on the Annuity Date. Any net amount you convert to a fixed annuity will be held in our General Account.

Each periodic payment under the fixed annuity will be equal to the amount of the first fixed annuity payment (unless you elect a joint and survivor life annuity with reduced survivor payments). The amount of each variable annuity periodic payment will vary with the investment results of the Subaccount(s) you select. After the Annuity Date, you may exchange the Annuity Units in any Subaccount(s) for Annuity Units in any other Subaccount(s) up to four (4) times in any twelve (12) month period. We reserve the right to limit the Subaccounts available, to change the number and frequency of exchanges and to change the number of Subaccounts you may choose.

Amount of Payments – The first annuity payment amount depends on the Annuity Option, payment frequency, and whether you select a fixed annuity and/or a variable annuity. If you do not choose the Period Certain Only Option, the amount will depend on the Age of the Annuitant(s), the Annuity Date, and the sex of the Annuitant(s), unless unisex factors apply.

Fixed Annuity Payments – The minimum guaranteed income purchased per \$1,000 of the net amount applied to a fixed annuity is based on an annual interest rate of 1.50% and the Annuity 2000 Mortality Table with the ages set back ten (10) years.

Conversion to Current Rates – Annuity payments will be based on the greater of:

- our current income factors in effect for this Contract on the Annuity Date; or
- our guaranteed income factors set forth in this Contract.

The dollar amount of any payments after the first annuity payment is specified during the annuity payment period according to the provisions of the elected Annuity Option.

Variable Annuity Payments – Subaccount Annuity Units. For each Subaccount, we divide the amount of the initial variable annuity payment from each Subaccount by the Annuity Unit Value for that Subaccount (the “Annuity Unit Value”) on the Annuity Date, to obtain the number of Annuity Units for that Subaccount. The number of Annuity Units in each Subaccount will not change unless exchanges of Annuity Units are made (or if the Joint and Survivor Annuity Option is elected and the Primary Annuitant dies first), but the Annuity Unit Value of those Annuity Units will vary.

Subsequent Variable Payments – The amount of each subsequent variable annuity payment will be the sum of the amounts payable based on the Annuity Units in each Subaccount. To determine the amount payable for each Subaccount, we multiply the number of Annuity Units in that Subaccount by their Annuity Unit Value on the day in each payment period that corresponds to the Annuity Date.

The smallest gross annual rate of return needed for the dollar amount of the variable annuity payments to not decrease is equal to the sum of the assumed interest rate (AIR) of 5% and all product fees and charges. The fees and charges would include the Mortality and Expense Risk charge of 0.60% and the Administrative Fee of 0.15%. Thus, the total gross annual rate of return would need to be at least 5.75% (net of fund level expenses).

Annuity Unit Value – The initial Annuity Unit Value for each Subaccount was arbitrarily set at \$10 on the Business Day the Subaccount began operations. At the end of each subsequent Business Day, the Annuity Unit Value for each Subaccount is equal to $(A \times B) \times C$, where:

A - is the Subaccount's Annuity Unit Value for that Subaccount as of the end of the prior Business Day;

B - is the Net Investment Factor for that Subaccount for that valuation period; and

C - is an interest factor to offset the effect of the assumed investment return which is built into the Annuity Option Tables.

We generally calculate the Annuity Unit Value of each Subaccount on each day the New York Stock Exchange is open, provided our administrative offices are also open that day.

We guarantee that the amount of each subsequent annuity payment will not be affected by variations in our expenses or in mortality experience.

Periodic Payments – The first payment under the Annuity Options will be determined on the Annuity Date and will be made on the day following the Annuity Date.

For a Beneficiary entitled to a death benefit due to the death of any Owner or the sole surviving Annuitant, the first payment will be made on the first day of the calendar month, or earlier at our option, next following the day we receive due proof of the death and instructions regarding payment, (called the "Payment Start Date"), and such other documentation as we may require. Subsequent payments will be determined on the day in each payment period that corresponds to the Payment Start Date and will be made on the following day.

ANNUITY OPTIONS

The following Annuity Options are available under this Contract. Additional options may become available in the future:

Option 1 – Life Only: Periodic payments are made to the designated payee during the Annuitant's lifetime. Payments stop when the Annuitant dies.

Option 2 – Life with Period Certain: Periodic payments are made to the designated payee during the Annuitant's lifetime, with payments guaranteed for a specified period. You may choose to have payments guaranteed five (5) through thirty (30) years (in full years only). If the Annuitant dies before the guaranteed payments are completed, we will pay the remainder of the guaranteed payments to the first person among the following who is (1) living; or (2) an entity entitled to receive the remainder of guaranteed payments:

- (a) the Owner;
- (b) the Joint Owner;
- (c) the Beneficiary; or
- (d) the Contingent Beneficiary.

If none are living (or if there is no entity entitled to receive the remainder of the guaranteed payments), we will pay the remainder of the guaranteed payments to the Owner's estate.

If the Annuitant dies after all of the payments under the period certain have been paid, payments will stop when the Annuitant dies.

Additionally, if payments are elected under this option, you may redeem all remaining guaranteed payments after the Annuity Date. The amount available upon such redemption would be the present value of any remaining guaranteed payments at the assumed investment return.

Option 3 – Joint and Survivor Life: Periodic payments are made to the designated payee during the lifetime of the Primary Annuitant. After the death of the Primary Annuitant, periodic payments are based on the life of the secondary Annuitant named in the election if and so long as such secondary Annuitant lives. Payments made based on the life of the secondary Annuitant may be in installments equal to 50%, 66-2/3% or 100% (as specified in the election) of the original payment amount payable during the lifetime of the Primary Annuitant. If you elect a reduced payment based on the life of the secondary Annuitant, fixed annuity payments will be equal to 50% or 66-2/3% of the original fixed payment payable during the lifetime of the Primary Annuitant. Variable annuity payments will be determined using 50% or 66-2/3%, as applicable, of the number of Annuity Units for each Subaccount credited to the Contract. Payments stop when both Annuitants have died.

Option 4 – Period Certain Only: Periodic payments are made to the designated payee during the Annuitant's lifetime, with payments guaranteed for a specified period. You may choose to have payments guaranteed ten (10) through thirty (30) years (in full years only). Additional options may become available in the future. If the Annuitant dies before the guaranteed payments are completed, we will pay the remainder of the guaranteed payments to the first person among the following who is (1) living; or (2) an entity entitled to receive the remainder of the guaranteed payments:

- (a) the Owner;
- (b) the Joint Owner;
- (c) the Beneficiary; or
- (d) the Contingent Beneficiary.

If none are living (or if there is no entity entitled to receive the remainder of the guaranteed payments), we will pay the remainder of the guaranteed payments to the Owner's estate.

Additionally, if payments are elected under this option, you may redeem all remaining guaranteed payments after the Annuity Date. The amount available upon such redemption would be the present value of any remaining guaranteed payments at the assumed investment return.

ANNUITY OPTION TABLES

Applicability of Rates – For the fixed Annuity Option, the Annuity Option Tables contained in the following pages illustrate the minimum guaranteed monthly income purchased per \$1,000 of the net amount applied.

The tables also illustrate the minimum rates for the first monthly variable annuity payment per \$1,000 of the net amount applied to the variable annuity payment option. Subsequent payments may be higher or lower than the first payment, based on the investment performance of the Subaccount(s) you elect and whether you exchange Subaccount Annuity Units.

For some Qualified Plans and in some states, the use of sex-distinct income factors are prohibited. For those Qualified Plans, we use blended unisex income factors for life payment options for both male and female Annuitants.

Basis of Computations – The actuarial basis for the fixed Annuity Option Tables is the [Annuity 2000 Mortality Table with the ages set back ten (10) years] with interest at an annual rate of [1.50%]. The rates for variable annuity payments are based on an assumed investment return of [5%] per year and the [2000 Individual Annuity Mortality Table with the ages set back ten (10) years.]

Rates Not Shown – Any rates and/or ages not shown in the tables contained in this Contract will be provided by the Company upon request.

Annuity benefits will not be less than those that would have been provided by the application of an amount to purchase any single premium immediate annuity offered by us at the time annuity payments commence to the same class of annuitants.

DELIVERY

E-Mail address: _____

By providing the e-mail address above, I consent to receive documents and notices applicable to my contract, including but not limited to prospectuses, prospectus supplements, reports, statements, immediate confirmations, privacy notice and other notices, and documentation in electronic format when available instead of receiving paper copies of these documents by U.S. mail. I will continue to receive paper copies of annual statements if required by state or federal law. Not all contract documentation and notifications may be currently available in electronic format. I consent to receive in electronic format any documents added in the future. For jointly owned contracts, both owners are consenting to receive information electronically.

I confirm that I have ready access to a computer with Internet access, an active email account to receive this information electronically, and ability to read and retain it. I understand that:

- There is no charge for electronic delivery, although my Internet provider may charge for Internet access.
- I must provide a current e-mail address and notify Pacific Life promptly when my e-mail address changes.
- I must update any e-mail filters that may prevent me from receiving e-mail notifications from Pacific Life.
- I may request a paper copy of the information at any time for no charge, even though I consented to electronic delivery, or if I decide to revoke my consent.
- For jointly owned contracts, both owners are consenting that the primary owner will receive information electronically. (Only the primary owner will receive e-mail notices.)
- Electronic delivery will be cancelled if e-mails are returned undeliverable.
- This consent will remain in effect until I revoke it.

Pacific Life is not required to deliver this information electronically and may discontinue electronic delivery in whole or in part at any time. IF YES

☐ Yes

TELEPHONE/ELECTRONIC TRANSACTION AUTHORIZATION As the owner, I will receive this privilege automatically.

If a contract has joint owners, each owner may individually make telephone and/or electronic requests. By checking "Yes," I am also authorizing and directing Pacific Life to act on telephone or electronic instructions from any other person(s) who can furnish proper identification. Pacific Life will use reasonable procedures to confirm that these instructions are authorized and genuine. As long as these procedures are followed, Pacific Life and its affiliates and their directors, trustees, officers, employees, representatives, and/or agents will be held harmless for any claim, liability, loss, or cost.

6. HOUSEHOLDING By signing this application I consent to Pacific Life mailing one copy of contract owner documents to multiple contract owners who share the same household address. Such documents will include prospectuses, prospectus supplements, announcements, and reports, but will not include contract-specific information such as transaction confirmations and statements. This service, known as "householding," reduces expenses, environmental waste, and the volume of mail I receive. If I do not wish to participate in this service and prefer to receive my own contract owner documents, I have checked the box below.

☐ I elect **NOT** to participate in householding.

7. BENEFICIARIES If a beneficiary classification is not indicated, the class for that beneficiary will be primary. Each beneficiary class must equal 100%. 17. STATEMENT OF OWNER(S) I understand that federal law requires all financial institutions to obtain the name, residential address, date of birth, Social Security or taxpayer identification number, and any other information necessary to sufficiently verify the identity of each customer. I understand that failure to provide this information could result in the annuity contract not being issued, delayed or unprocessed transactions, or annuity contract termination. I, the owner(s), understand that I have applied for a variable annuity contract ("contract") issued by Pacific Life Insurance Company. I received prospectuses for this variable annuity contract. After reviewing my financial background with my registered representative, I believe this contract, including the benefits of its insurance features, will meet my financial objectives based in part upon my age, income, net worth, and tax status, and any existing investments, annuities, or other insurance products I own. If applicable, I considered the appropriateness of full or partial replacement of any existing life insurance or annuity. I also considered my liquidity needs, risk tolerance, and investment time horizon when selecting variable investment options. I understand the terms and conditions related to any optional rider applied for and believe that the rider(s) meet(s) my insurable needs and financial objectives. I have discussed all fees and charges for this contract with my registered representative, including premium based charges and withdrawal charges, if applicable. I understand that if I cancel a contract issued as a result of this application without penalty during the Right to Cancel initial review period, depending upon the state where my contract is issued, it is possible the amount refunded may be less than the initial amount I invested due to the investment experience of my selected investment options. If I am an active duty member of the United States Armed Forces (including active duty military reserve personnel), I confirm that this application was not solicited and/or signed on a military base or installation, and I have received from the registered representative the disclosure required by Section 10 of the Military Personnel Financial Services Protection Act. I certify, under penalties of perjury, that I am a U.S. person (including a U.S. resident alien) and that the taxpayer identification number is correct. I certify that all answers to questions and statements made on this application are to the best of my knowledge and belief. **I UNDERSTAND THAT BENEFITS AND VALUES PROVIDED UNDER THE CONTRACT MAY BE ON A VARIABLE BASIS. AMOUNTS DIRECTED INTO ONE OR MORE VARIABLE INVESTMENT OPTIONS WILL REFLECT THE INVESTMENT EXPERIENCE OF THOSE INVESTMENT OPTIONS. THESE AMOUNTS MAY INCREASE OR DECREASE AND ARE NOT GUARANTEED AS TO DOLLAR AMOUNT.**

18A.  <input type="checkbox"/> Yes <input checked="" type="checkbox"/> No	Do you have any reason to believe that the applicant has any existing life insurance policies or annuity contracts? (Default is "Yes" if neither box is checked.)
18B.  <input type="checkbox"/> Yes <input checked="" type="checkbox"/> No	Do you have reason to believe that any existing life insurance policy or annuity contract has been (or will be) surrendered, withdrawn from, loaned against, changed or otherwise reduced in value, or replaced in connection with this transaction assuming the contract applied for will be issued?

DCA PLUS FIXED OPTION RIDER

Pacific Life Insurance Company, a stock company, has issued this Rider as a part of the annuity Contract to which it is attached.

All provisions of the Contract that do not conflict with this Rider apply to this Rider. In the event of any conflict between the provisions of this Rider and the provisions of the Contract, the provisions of this Rider shall prevail over the provisions of the Contract.

This Rider adds an additional Investment Option to the Contract called the **"DCA Plus Fixed Option"**. There is no charge for this additional Investment Option.

Definition of Terms – Unless redefined below, the terms defined in the Contract will have the same meaning when used in this Rider. For purposes of this Rider, the following definitions apply:

Contract Value – As of the end of any Business Day, the Contract Value is equal to:

- the Contract Value as defined in the Contract; plus
- the DCA Plus Fixed Option Value; plus
- the value of any other Investment Option added to the Contract by rider or endorsement.

DCA Plus Fixed Option – An Investment Option to which Purchase Payments (or portions thereof) may be allocated in accordance with the terms of this Rider. Amounts allocated to the DCA Plus Fixed Option are held in our General Account and receive interest at rates declared periodically (the "Guaranteed Interest Rate"), but not less than the Minimum Guaranteed Interest Rate shown on the Contract Specifications page.

DCA Plus Fixed Option Value – The portion of the Contract Value allocated to the DCA Plus Fixed Option as further defined in this Rider.

Guaranteed Interest Rate – The effective annual rate of interest in effect at the time a Purchase Payment (or portion thereof) is allocated to the DCA Plus Fixed Option during the Guarantee Term. This rate will not be less than the Minimum Guaranteed Interest Rate shown on the Contract Specifications page.

Guarantee Term – The period during which the amounts you allocate to the DCA Plus Fixed Option earn a specified Guaranteed Interest Rate.

Investment Option – Each Investment Option as defined in the Contract, the DCA Plus Fixed Option or any other Investment Option added to the Contract by rider or endorsement.

DCA Plus Program – Under the DCA Plus program, you authorize the automatic transfer of amounts at monthly intervals from the DCA Plus Fixed Option to one or more Variable Investment Options over a period of up to two (2) years. We reserve the right to change the terms and conditions of the DCA Plus program at any time.

Prior to the Annuity Date, you may allocate all or part of a Purchase Payment to the DCA Plus Fixed Option. The minimum Initial Purchase Payment allocation to the DCA Plus Fixed Option may not be less than \$5,000. Each subsequent Purchase Payment allocation to the DCA Plus Fixed Option may not be less than \$250.

The initial Purchase Payment (or any portion thereof) allocated to the DCA Plus Fixed Option will begin a Guarantee Term of a duration (of up to two years) selected by you from among those currently being offered by us. Only one Guarantee Term under the DCA Plus Fixed Option may be in effect at any time.

Amounts allocated to the DCA Plus Fixed Option are held in our General Account and receive interest at rates declared periodically by us. Subject to applicable law, we have sole discretion over the investment of our General Account assets.

Crediting of Interest – We will credit interest at the applicable Guaranteed Interest Rate during the Guarantee Term on amounts allocated to the DCA Plus Fixed Option, while the Annuitant is living and the Contract is in force.

The initial Purchase Payment allocation to the DCA Plus Fixed Option will be credited with interest at the Guaranteed Interest Rate in effect at the start of the Guarantee Term and will remain in effect for that Purchase Payment until the Guarantee Term ends.

Subsequent Purchase Payments (or portions thereof) allocated to the DCA Plus Fixed Option will be credited with interest at the Guaranteed Interest Rate then in effect on the Business Day that the allocation is effective and will remain in effect for that Purchase Payment until the Guarantee Term ends.

We will stop crediting interest on that portion of the DCA Plus Fixed Option Value that is withdrawn, transferred (including transfers to the Loan Account), or applied to provide an Annuity Option, including any:

- fees for withdrawals and/or transfers;
- Withdrawal Charges;
- Premium Based Charges;
- Annual Fees;
- charges for premium taxes and/or other taxes;
- proportionate reductions for annual charges for expenses relating to optional benefit riders attached to the Contract; and
- other applicable Contract fees and charges.

We do so as of the end of the Business Day any such transaction is effective.

DCA Plus Fixed Option Value: The DCA Plus Fixed Option Value on any Business Day is the DCA Plus Fixed Option Value on the prior Business Day, increased by any additions to the DCA Plus Fixed Option on that day as a result of any:

- interest; plus
- Purchase Payments received by us and allocated to the DCA Plus Fixed Option; plus
- any additional amounts allocated to the DCA Plus Fixed Option, including any applicable Credit Enhancements and Persistency Credits;

Transfer of DCA Plus Fixed Option Value – The first monthly transfer from the DCA Plus Fixed Option to the Variable Investment Options you have selected will start on the same Business Day of the month following the start of the Guarantee Term. Subsequent transfers will be made on the same day of each month thereafter, until the Guarantee Term ends.

The amount of each transfer will be equal to the DCA Plus Fixed Option Value on the day of transfer divided by the remaining number of transfers in the Guarantee Term. At the end of the Guarantee Term, transfers to the selected Variable Investment Options will end and the provisions of this Rider will cease to be operative, unless a new Guarantee Term is established. The DCA Plus Fixed Option will remain as an available Investment Option to which Purchase Payments (or portions thereof) may be allocated.

No Transfers to the DCA Plus Fixed Option – No transfers may be made from any other Investment Option to the DCA Plus Fixed Option.

Establishment of New Guarantee Term – Prior to the Annuity Date, you may request a new Guarantee Term only after the existing Guarantee Term has ended. Any new Guarantee Term will be of a duration (of up to two years) selected by you from among those currently being offered by us at such time and will be subject to the provisions of this rider.

Continuation of Rider if Surviving Spouse Continues Contract – If the Owner dies while transfers are being made from the DCA Plus Fixed Option and if the surviving spouse of the deceased Owner elects to continue the Contract in accordance with its terms, then such transfers will continue to be made from the DCA Plus Fixed Option to the selected Investment Options, until the Guarantee Term ends.
